**Important to Business Men in
Victoria, California, Portland,
and Places on the Sound!**

This Journal is the oldest newspaper published in British Columbia, and is read by every business man from New Westminster to the Rocky Mountains, and is unrivalled as an advertising medium for the Colony.

DAVID SPENCER, in Victoria, and L. P. FISHER, in San Francisco, are our authorized Agents.

This paper may be read gratuitously in London at the Central Establishment of "HOLLAND'S PRESS AND ORIENT," 241, Strand, where advertisements and subscriptions for the same are received.

NEW ADVERTISEMENTS THIS DAY.

Card of Thanks—G. C. Clarkson.
Important Notice—James Kennedy.

The British Columbian.

SATURDAY, SEPTEMBER 21, 1867.

ALL IN THE BLUES.

How very natural it is for men, themselves "in the blues," to view every surrounding object through their own "blue specs." In an unguarded moment, when a silly rumour induced silly people to entertain the silly belief that this magnificent appendage of the British Crown—this key-stone of the young British nation of the new world was really about to be battered away in satisfaction of Seward's Utopian "Alabama" claims, the unfortunate wight of the Victoria (Sunday) Morning News unwittingly steered his slender little barque right into "Annexation Bay," where the receding tide left her high and dry upon a clam-bank, while his local contemporary, more expert from longer practice, in trimming his sails to catch the first gust of changing winds, succeeded in gaining deep water, but not without getting hull and canvas bespattered with "annexation mud," a filthy and tenacious compound, the status of which are indelible. There the News barque still lies on her beam-ends, a warning to inexperienced and foolhardy mariners, and her demented commander protrudes his diminished head from the cabin window every Sunday morning, uttering a pitiful wall about the approaching doom of John Bull and all his whelps, and muttering incoherent sentences about the advantages possessed by the American eagle over the biped race. One of these dolorous wails was wafted across the Gulf the other day, producing little else than a feeling of pity for the unfortunate author of it. He describes the people on the mainland as a lot of sickly sentimentalists, who prefer living under "the flag that's braved a thousand years, the battle and the breeze," in a condition of semi-slavery and indigence to sailing with him to glory in a wash-tub, under the sign of the "star-spangled banner." Having no higher gauge of that sentiment called "loyalty" than "the almighty dollar," having himself made a bootless voyage to San Francisco in order to grasp the Yankee's gold, he is incapable of conceiving any man above his own measure, and still persists in the insane belief that John Bull, too, is in pursuit of the same sort of game. Without holding loyalty to be a mere sickly sentiment, on the one hand, or without being willing to cherish it at the sacrifice of all that is dear to our manhood, on the other, we beg to tell this demented annexationist that he stands altogether alone in this matter, at least so far as the mainland is concerned—that the people of British Columbia believe that in their case, loyalty, patriotism, peace, prosperity, nay, self-interest, both in the present and in the future, are all united as closely as the Siamese twins, in the matter of retaining allegiance to the British Crown. They know that when madmen political quacks prate about the "crushing national debt" of Great Britain, it is merely to bamboozle them into seeking annexation to a country, to flee to which for relief would be a fitting verification of the homely adage, "out of the frying pan into the fire." They know that Great Britain, unwilling under any circumstances to barter away territories and peoples, would as soon think of allowing the glorious old flag to be trampled upon with impunity as entertain any proposition for the cession of British Columbia to the United States, under the altered and interesting position and prospect of her North American Possessions. Think you, would she be guilty of perpetrating anything so ignoble, so un-British, as to give to tricky Seward,

in payment of imaginary claims, the key-stone of the new Dominion? Think you she would so mar the beauty, detract from the completeness and impair the strength of her most important and best beloved progeny, over the birth of which the enthusiastic shouts of maternal jubilation have hardly died away? Let those who think so meanly of our country go hence; but they must not expect to drag a loyal and contented people with them.

MEETING OF THE EXHIBITION COMMITTEE.

The General Committee, appointed at the public meeting on Saturday for the purpose of carrying out the necessary arrangements for holding an exhibition of the agricultural, horticultural, mineral and other products and manufactures of British Columbia held its first meeting on Thursday, at 2 o'clock, p.m. The committee organized by electing the Hon. John Robson Chairman, Mr. W. D. Ferris, Recording Secretary; and Mr. W. E. Cormack, Corresponding Secretary—Treasurer. The following gentlemen were then added to the committee, viz.: F. G. Claret Esq., Rev. William Hayman, Messrs. G. C. Clarkson, J. S. Clute, A. R. Howse, S. W. Herring.

It was resolved that the exhibition be held on Tuesday the 15th October, 1867, in the Rifle Drill Shed. The Committee adjourned till 7.30 this evening, of which all members are hereby requested to take notice, and govern themselves accordingly, as business of importance will be brought forward.

BRIGHTON.—About a year ago we drew attention to the natural advantages and attractions that Brighton, as we took the liberty of calling the embryo town on our outer harbor of Burrard Inlet, possesses as a watering place; and in doing so, we ventured the prediction that it would soon become a favorite resort of pleasure-seekers. That prediction is receiving fulfillment even more quickly than we anticipated. Scarcely a day now passes without its Brighton pleasure party; and we learn that in some instances whole families are going out, and making a stay of a week or a fortnight. Thus Mr. Hocking is in a fair way to realize some little compensation for his considerable outlay, and many weary months of patient waiting. And well he deserves it. The Brighton Hotel is a very creditable affair, and is receiving additions to its comforts and attractions almost every day; and for courteous attention to the comfort of guests its host cannot be surpassed. The facilities of communication with Brighton are now all that could be desired, under the circumstances. Mr. John Lynn, with a party of men, is putting the road in excellent condition, and Mr. Lewis is fulfilling to the full the expectations we gave rise to, upon the advent of his line of stages.

EXPECTED.—His Excellency the Governor and Mrs. Seymour are expected to arrive on the Sparrowhawk on Monday.

New Advertisements.**CARD OF THANKS.**

The Officers and Members of the Hyack Engine Co. desire to express publicly their thanks to Capt. Fleming for his generosity and kindness in placing the Steamer Lillooet at the disposal of the company on the occasion of the Hyack Picnic given in aid of the R. C. Hospital, on Tuesday last.

For the company,
GEO. C. CLARKSON, CAPT.

New Advertisements.**GO TO**

THE NEW

GROCERY STORE

COLUMBIA STREET,

NEW WESTMINSTER B. C.

Where you will find everything in the GROCERY line, the best and cheapest, for CASH, to be had in the CAPITAL.

Our Coffee, Tea and Chocolate, for flavor unsurpassed; with prices low to suit the times, a trial's only asked. To those who use the "weed," we are willing, ready, able to furnish them with any length of the "Atlantic Cable." We've "Shelton's Brand," and other kinds so much admired for chewing; Cigars, Cheroots, and Fancy Pipes, for gents who go awooing. Of Pie Fruits and of Pickles too, we have every kind on hand; with sauces also, pure and good, of every different brand; In Ketchups and in Essences, our shelves are quite replete; these have become essential for flavoring what we eat. Split Peas and Pearl Barley, most excellent for soup; and Sago for the little folks, an antidote for croup. Stove polish—what so rusty as a rusty metal stove? Shoe-backing too, of a glossier hue than silk or satin or worsted. Wash Tubs and Wash Boards too we have, no better made, we think, nor cheaper can be had elsewhere, in either wood or zinc. Of Baskets we have quite a lot; as well as fine corn Brooms, and brushes plenty, no excuse for keeping dusty rooms. To the Sportsman we can offer a well selected lot of gun-caps and of powder too, and every size of shot. Our candles, they are very good, our coal-oil choice refined, no one here will sell them cheaper; just bear this fact in mind. Our soap is also good and cheap, and old—we don't like new; with Glenfield starch so highly famed, and the best of button blue. Biscuits of various kinds we have, and crackers crisp and sweet: bacon and hams, so nicely cured, they really are a treat. Our sugars, we are safe to say, must meet a large demand, because they're bright and sweet and pure, nor mixed with gritty sand. We have oatmeal, too for porridge, or, if you prefer it,—brose, this is the food both strong and good as every SAXON knows.

Spices from the isles of the Indian seas; cloves, cassia, pimento, and such things as these; melons that will melt of themselves in the mouth; peaches and grapes from the far sunny South; currants from Zahte, raisins from Spain, will tempt you to buy them again and again. Plums and apples from "Richmond," pears from the Sound; onions from Frisco so big and so round that few, if any, weigh less than a pound. We purchase farm produce, pay in goods or in cash; sell again at slight profits, just to free us from loss. To those who are either "on the buy," or "on the sell," just step in next door to the Colonial Hotel; our goods are for sale we invite your inspection, convince'd when once here you will make your selection, and always return for such things as you need.—Fair play—honest dealing, a part of our creed.

The British Columbian.

SATURDAY, SEPTEMBER 21, 1867.

FROM CARIBOO.

The str. Onward, Capt. Irving, arrived from Yale yesterday, bringing a considerable number of passengers, about \$50,000 in treasure, a Cariboo Express and mail. We compile the following from the *Sentinel* of the 5th and 9th inst.:

MINING INTELLIGENCE.

WILLIAMS CREEK.

We were hopeful that the snow which fell to the depth of two or three inches last Friday morning, would increase the water in the creek, but in this we were disappointed by the counteracting influence of the cold, frosty nights that succeeded the bright warm days. Nothing short of a heavy rainstorm will do us any good now, and this we may calculate on before the present month draws to a close.

The yield of gold on this creek for the past week has been so small that it is scarce worth noting.—Old California co., at Richfield, washed out, for three days' work, \$300; Black Jack co. are making \$16 a day to the hand; Aurora co. washed up for the week 278oz.; Forest Rose co. took out 46oz. last week; Ruby co. washed out about 70oz.

STOUTS GULCH.

The Floyd co., in consequence of the stunted supply of water, have been unable to take out pay yet. Alturas co. washed up for the week 176 oz. Taftvale co. cleaned up for the week 251oz. Jenkins company are making about wages. Mucho Oro co. had 40 ounces for the week's washing. Emery co. are making about expenses. Total for this gulch, 467oz.

LOWING CREEK.

Most of the companies below Mr. Hough's store are busy at work, and doing well.—First Chance co. washed up for the week 60oz.—Calaveras co. cleaned up for the week 57oz.

GROUSE CREEK.

Important results expected in a week. Heron divided \$100, to the share. Ne'er-do-weel \$800. Ontario getting good prospects. They picked up a 3oz nugget.

STEVENS CREEK.

There are on this creek some six companies at work, most of whom are meeting with success in their prospecting operations. The Good Will co. immediately below the Flume co.'s claim, took out for three days' work of two men last week, 10oz.

NELSON CREEK.

The Dominion co. are making as high as \$25 a day to the hand, and two other companies are doing well.

BEGGS GULCH.

The Ancient Briton co. took out 5 oz. last week, among which was a nugget weighing 12oz.; They are not on the bed rock yet.

CONKLIN GULCH.

Renfrew co. washed up about sixty ounces for the week.

MUSQUITO GULCH.

The news continues good, but scarcity of water is felt. The Johe co. took out on the 3d, 4oz. to half a set of timbers. Willow co. 12oz. for 2 days' work. Jeffie co. 36oz. on the 3d. Holman co. taking out big pay.

NEW CREEK STRUCK!

GOOD PAY FOUND!

Mr. Oliver Urquhart and his two partners, who have been out prospecting for several months past, returned on Monday evening, and reported the discovery of a creek in which they found gold in paying quantities. The creek has been named Mustang creek, and is situated about 25 miles to the north-west of Williams creek, and four miles to the north-west of Sugar creek; it is about one and a half miles in length and empties into a large creek which was also named by the party Beaver creek, from the great number of beaver that abound in that vicinity. Urquhart and his party have located and recorded a discovery claim, about 500 feet from the mouth of the creek, and have prospected it sufficiently well to know that they can make from \$12 to \$20 a day to the hand, and even more if there was a plentiful supply of water. The ground is not over 8 feet deep, so far as they have found, and the pay appears to be confined chiefly to

the gravel, near the bed-rock, although there is a strata of top gravel that yields a fair prospect. The bed rock is a hard, blue slate, intermixed with small quartz veins, and resembles in appearance the rock on this creek. We were shown by Mr. Urquhart about 15 oz. of the dust, which appears coarse and well washed. Its quality is much about the same as that of the gold found on Sugar creek. There are a number of other creeks and gulches in the vicinity that look equally as well as the one referred to, which it is the opinion of our informant, who prospected some of them, will pay well.

MISCELLANEOUS.

The five additional constables sent up to Cariboo, arrived at their destination on the 8th inst. The *Sentinel* says they are as much needed as "a second nose on a man's face."—Mr. Leigh Harnett, delivered his second lecture for the benefit of the Literary Institute—Subject, "British Colonization." The *Sentinel* says it was "delivered in Mr. Harnett's usual masterly and eloquent style, and the subject was handled with great tact and ability throughout, eliciting frequent bursts of applause from the audience."—Wilson gave a sparring entertainment on the evening of the 8th (Sunday—disgraceful!) which "drew a good house." A further deposit of \$100 a side was made, towards the additional \$1000 stakes.

ANOTHER!—Death has just snatched from our midst another of the members of the little corps of Royal Engineers stationed here for some years. Jonathan Brown, a man respected and esteemed wherever known, was, it will be remembered, brought down from Clinton, where he was Toll Collector, a few weeks ago for medical treatment. Although for a time at the point of death, he had so far recovered as to be able to walk about, and was even thinking of shortly returning to his post at Clinton, on Thursday morning he was suddenly cut off by the rupture of a blood-vessel. Deceased leaves a young wife and a wide circle of friends to mourn his loss. Upon intelligence of his death reaching town all the flags throughout the city and on the shipping were put at half-mast.

"JOURNALS OF THE LEGISLATIVE COUNCIL."—Such is the title of a blue-book just issued from the Government printing office. It contains the minutes of proceedings during the last session. An appendix, nearly equal to the body of the book, contains sessional papers, such as messages, despatches, returns, reports of committees &c., together with a copy of the Estimates. The book is very creditably got up.

LAYING THE FOUNDATION-STONE.—We understand it has been arranged to hold the ceremony of laying the foundation stone of Holy Trinity Church on Tuesday. This arrangement would, of course, be contingent upon Mrs. Seymour arriving on Monday, as is expected.

EXECUTIVE MEETING.—A meeting of the Executive Council was held at Government House, on Wednesday. It is presumed to have had intimate connection with the Judge of the Supreme Court, although we are not aware that anything has really reached the public ear respecting the matter.

STILL THEY COME.—The French Brig, Josephine Marie, Capt. Bertin, was towed into Burrard Inlet on Thursday, by the Isabel. The Josephine Marie will take in a cargo of lumber at Moody's mill for Iquique Peru, one-half of which will consist of tongued and grooved flooring.

ANNUAL PRIZE SHOOTING.—At a meeting of the New Westminster Rifle Corps, held at their Drill-shed last night, it was decided to shoot for the Company prizes on Saturday next, the 28th inst., at the Brunette Butts. Particulars hereafter.

NO STEAMER.—Up to the time of our going to press last night, the Victoria steamer had not arrived here. The telegraph line to Victoria having been down yesterday, we are unable to account for her nonarrival.

THE Rev. J. C. Fletcher gave us last evening, a brilliant lecture on the religion, customs, and people of Brazil. Seldom have we relished anything more than the picture he laid before his audience of that exuberant garden of the tropics laden with its strange variety of fruits and flowers, teeming with perpetual harvest for the hand of man. Surely that country must be the garden of the world, and if its people had the enterprise which moves this Yankee nation, imagination could not set a bound to the results they could produce there. As relevant to this comparison the Rev. gentleman stated that the best remedies employed there for the diseases to which they are subject, are invented and supplied to them by our own well-known countryman, Dr. J. C. Ayer of Lowell, Mass., and that not the people only but the priesthood and the court of the Emperor down, have constant recourse in sickness to the Remedies of this widely celebrated American Chemist. —*Leader, Boston.*

FROM YALE.—The steamer Lillooet, Capt. Fleming, arrived from Yale yesterday, bringing a number of passengers and a local express. Mr. Sutton and Mr. Parsons, of Yale were amongst the passengers.

AUSTRALIAN PORKERS.—Messrs. P. L. Anderson and Co., of this city, killed two pigs this week, brought all the way from Australia. They were exceedingly fat and the meat beautiful and white.

DEE.—The Mail Steamer California, from San Francisco, will be due at Victoria to-day; also the steamer Oregon, from Portland.

OBSEQUES.—The funeral of the late Jonathan Brown will take place to-morrow, leaving the Camp at 2 o'clock p.m.

COPPER.—Mr. Frank Pagden arrived from the mine on Wednesday, with some very fine samples of copper ore. He reports very favorably.

THE VICTORIA.—H.M. Gunboat Forward sailed for Victoria early on Thursday morning with his Excellency Governor Seymour on board.

FOR YALE.—The steamers Onward and Lillooet sailed for Yale early on Wednesday morning.

BIRTH.—In this city, on the 17th inst. the wife of Thomas Cunningham, Esq., of a son.

DIED.—At the Camp New Westminster on Thursday, Jonathan Hay Brown, aged 30 years, a native of Hull, Yorkshire, England. The funeral will take place at 2 p.m. on Sunday the 22d inst.

HOLLOWAY'S OINTMENT AND PILLS.—Vexation Avoided.—This Ointment is the most powerful agent for the healing of wounds, old ulcers, indolent sores, and all stumorous diseases of the skin, which, from local or constitutional causes, have hitherto resisted all ordinary modes of treatment. Holloway's Ointment, rubbed upon the abdomen, and aided by a judicious course of his Pills, acts miraculously on the digestion, and obviates all those obstructions of the mesenteric glands, known by the pallor, attenuation, and gradually increasing weakness of the sufferer. The combined effects of the Ointment and Pills are irresistible in all long-continued diseases, which ever produce disarrangement of the digestion, circulation, and glandular system. Holloway's remedies are suitable for all ages and conditions, for all climates, and constitutions.

GOOD ACCOMMODATION.—Travellers to Cariboo this season will find most comfortable quarters at the Colonia Hotel, Soda Creek, the enterprising proprietors Messrs. McLeese & Senay being prepared to afford to those who may favor them with a call increased accommodation at a much less cost than hitherto.
